## President's Push

**Warren Needham. President, Hong Kong Society of Rugby Football Union Referees.**

Welcome to the 2nd edition of Whistler and another big week of rugby following the season kicking off last week. Some tasty Rugby to be had all over the place!

Nothing new coming out of my 'kit bag' other than to remind everyone to:

1. Get their subs paid
2. Keep your availability up to date on assignr.
3. Report any abuse you receive or witness
4. Don't let your game proceed if coaching staff, subs or spectators are on the field. Stop the game and ask the captains to get it sorted.

Reminder that the General Meeting is on October 21 at the P.O.C. starting at 7pm. Looking forward to seeing you all there.

Wazza.

## **CAB Report**

**Les Millard**

We have begun writing reports for referees and plan to see all of you over the next month. You can request to be watched in a particular game if you haven't been seen and a report not written and we will see who we have available. CAB is here to help you referee better and if you are a development referee help you to progress through the ranks.

All CAB members have access to an online report system that will send the report to you, to the CMO watching you and to me. Additionally a copy is kept on file. Please let the CMO know which email address they should use to send your report to.

We had our second meeting at the POC last Monday and there is a positive feeling amongst our CMOs as to the start of the season. They are all keen to get to see you and provide you with coaching.

Have a good weekend of rugby this weekend.
